**FOR IMMEDIATE RELEASE**

**DATE: February 3, 2010**  
**SUBJECT: Warfel Construction wins two National Awards**

East Petersburg, PA - Warfel Construction Company is pleased to announce they are the recipient of **two** National awards from the Associated Builders and Contractors organization. The awards were presented at the Annual National Conference held this year in San Diego, California. ABC's Awards of Excellence Program has become the premiere competition within the construction industry that recognizes outstanding construction projects across the nation. Projects are judged on not only on quality construction, but innovative management programs, craftsmanship, scheduling techniques, cost containment, safety, and complexity.

Warfel received the Award of Merit Pyramid Awards for the \$24 million Gibson Center for the Arts at Washington College in Chestertown, Maryland, and for the \$4.8 million Stauffers of Kissel Hill supermarket in Rohrerstown, PA.

The Washington College project was a complex undertaking with essentially 7 simultaneous phases. This project required Warfel to demolish half of the existing theater complex, leaving the remaining theater completely exposed while rebuilding around and through the entire structure. The 73,000 sq. ft. project included renovations to portions of the existing building, and selected demolition and additions that completely transform the former structure. The 'new' complex features the 440 seat Performance Theater, a 175 seat Experimental Theater and a 200 seat Recital Hall.

Serving as general trades prime contractor, Warfel was hired to build the new 78,073 sq. ft. Stauffers of Kissel Hill Rohrerstown supermarket adjacent to Stauffer's existing store, which remained in operation

throughout construction. The new supermarket features an extensive organic foods section, a fresh bakery, and a bistro with in-house dining.

Generating revenues in excess of \$75 million, Warfel Construction Company provides general construction, construction management and design/build services to clients in Pennsylvania and surrounding states. In business since 1911, Warfel employs over 90 people in field and office positions.
